

## Yorktown Waterfront Projects

Funds used to support this area are generated by tourism.

### YMP-003 Streets, Walkways and Drainage

This category involves a variety of different types of projects intended to improve drainage, enhance existing or add new walkways, improve street surfaces, enhance pedestrian lighting, and improve signage. Improvements are intended for both functional and aesthetic enhancement. Funding is for a study of the Five Forks Intersection.

## Stormwater Projects

The Department of Environmental and Development Services (EDS) has developed a stormwater management plan to provide a tool for guidance of the design, installation, operation, and maintenance of the stormwater systems in the County. This plan has been developed in compliance with Local, State, and Federal rules, regulations and standards, and is incorporated in the *Utilities Strategic Capital Plan*.

A brief explanation of the projects is included on the following pages. For more detail, please see the Board's adopted *Utilities Strategic Capital Plan*, which is available for review at the EDS office, libraries, and County Public Information Office.

### ES-610 Brandywine Stormwater System - Phases II and III

Improve the drainage problems outside of the VDOT right-of-way. Improvements to include piping, paving and riprap in ditches. Additional improvements will need to be done by VDOT to make the system function.
